Skills and Interests: Please list skills, interests and work/volunteer experiences that you feel will benefit the museum (please note: our current volunteers will provide training and assistance to help new volunteers learn about the history and background of Fairfax Station, museum programs and activities).

Availability: We ask that on-site volunteers contribute time once a month during open hours (primarily Sunday afternoons for 3.5~4.0 hours). Off-site volunteer hours depend on the specific position requirements. Are there any limitations that might affect your availability?

Areas of interest: All new volunteers are asked to learn procedures and practices for opening, operating and closing the museum. However, we do try to match volunteer interests with staffing needs. Are there any particular areas in which you are interested?

How did you hear about us?

What made you interested in our museum?

Please send the completed form to volunteers@fairfax-station.org. Thank you!
